

# Buy Duphaston

Buy Duphaston. Generic Duphaston is an orally active progestogen which acts directly on the uterus, producing a complete secretory endometrium in an estrogen-primed uterus. At therapeutic levels, Generic Duphaston has no contraceptive effect as it does not inhibit or interfere with ovulation or the corpus luteum. Furthermore, Generic Duphaston is non-androgenic, non-estrogenic, non-corticoid, non-anabolic and is not excreted as pregnanediol.
